

Trinity Cheltenham are seeking a passionate and experienced Head of Production with a heart for creativity and serving the church.

The Role

The successful candidate will be responsible for overseeing all the audio/visual aspects of the Trinity Cheltenham celebrations and events, including technical infrastructure. They will have a passion for high quality production and creativity and be used to pioneering in the field. For full details please see the role profile.

The role is available on both a full-time (5 days) or part-time (3-4 days) basis depending on the successful candidate with a FTE salary scale of £18.5 - 23.5k per annum (depending on experience).

About Us

Trinity Cheltenham is a large and thriving church in the beautiful Spa Town of Cheltenham. Trinity is a vibrant charismatic church that has grown to well over 1000 members and pioneered many exciting areas of ministry. It is the largest church in the Diocese of Gloucester and one of the largest CofE congregations in the UK outside of London. We are committed to making followers of Jesus who change communities and nations for him. We are passionate about connecting people from all walks of life to Jesus through sharing the Word of God and ministry in the power of the Holy Spirit. Trinity is part of the New Wine network and aspires to continue to grow into all that the Lord has for us in Cheltenham, South-West England, the UK and beyond.

At Trinity, we are passionate about gatherings, creativity and serving our local community and this role facilitates exactly that. Working alongside various ministry heads you will play a key role in helping Trinity outwork its vision and values.

The church calendar is packed full of diverse events and bookings (including two busy celebrations on a Sunday), most of which need production support. The AV team team consists of nearly 40 volunteers and the worship team is nearly 100 strong, both these teams serve a vast and varied number of ministries. In addition to this we have a staff team of around 35 all needing technical support. The campus is made up of 5 buildings with around 30 different rooms or meeting spaces, most of which require AV support for them. We have just entered a new and exciting season so there has never been a more significant time to join the staff team!
