Good morning!

Just one thing for today's prayer focus.

I'm sure many have already seen and heard 'The UK Blessing' (watch it [here](#)), an amazing worship-prayer-heartcry-song that was released yesterday.....

It's a UK version of the US version (!), based on the Blessing in Numbers 6 of the Bible; and underlines God's powerful call to his Church at this time, to PRAY FOR OUR NATION.

As you watch, listen and join in this morning - let it move you to pray, to cry out, to proclaim God's blessing, his peace, his love, his grace, over every home and every heart. And especially to see his mercy and power at work across the whole country to rescue and redeem the lost, bringing freedom to captives, forgiveness from sin, and life in his name.

Don't hold back!
